

Halloween Explorer

Colour, Count & Create!

Six friendly activities and an explorer award.

A little Halloween adventure for children aged 3-7.

This book belongs to: _____

For grown-ups: practise together

- ☐ Choosing and naming colours
- ☐ Noticing shapes and details
- ☐ Counting objects and moving a pencil

Print on A4 paper. Choose "Fit" if your printer clips the edges.

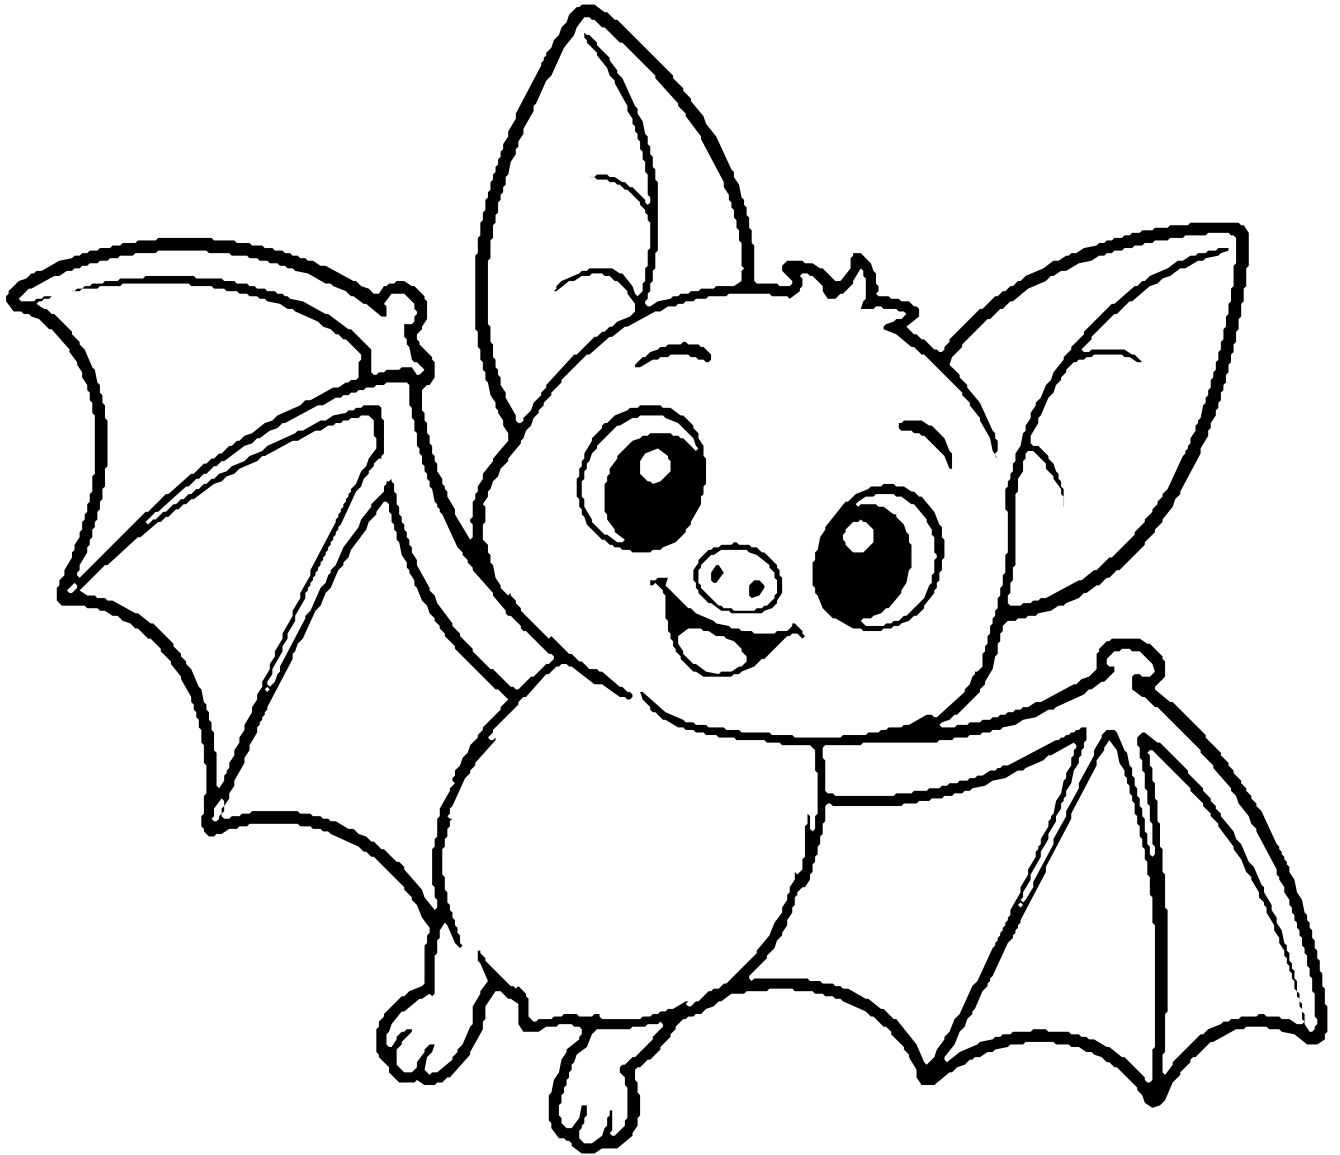

Use pencils, crayons or washable markers. Explore at your child's pace.

A friendly bat

Colour the wings, ears and tummy. Give your bat a name.

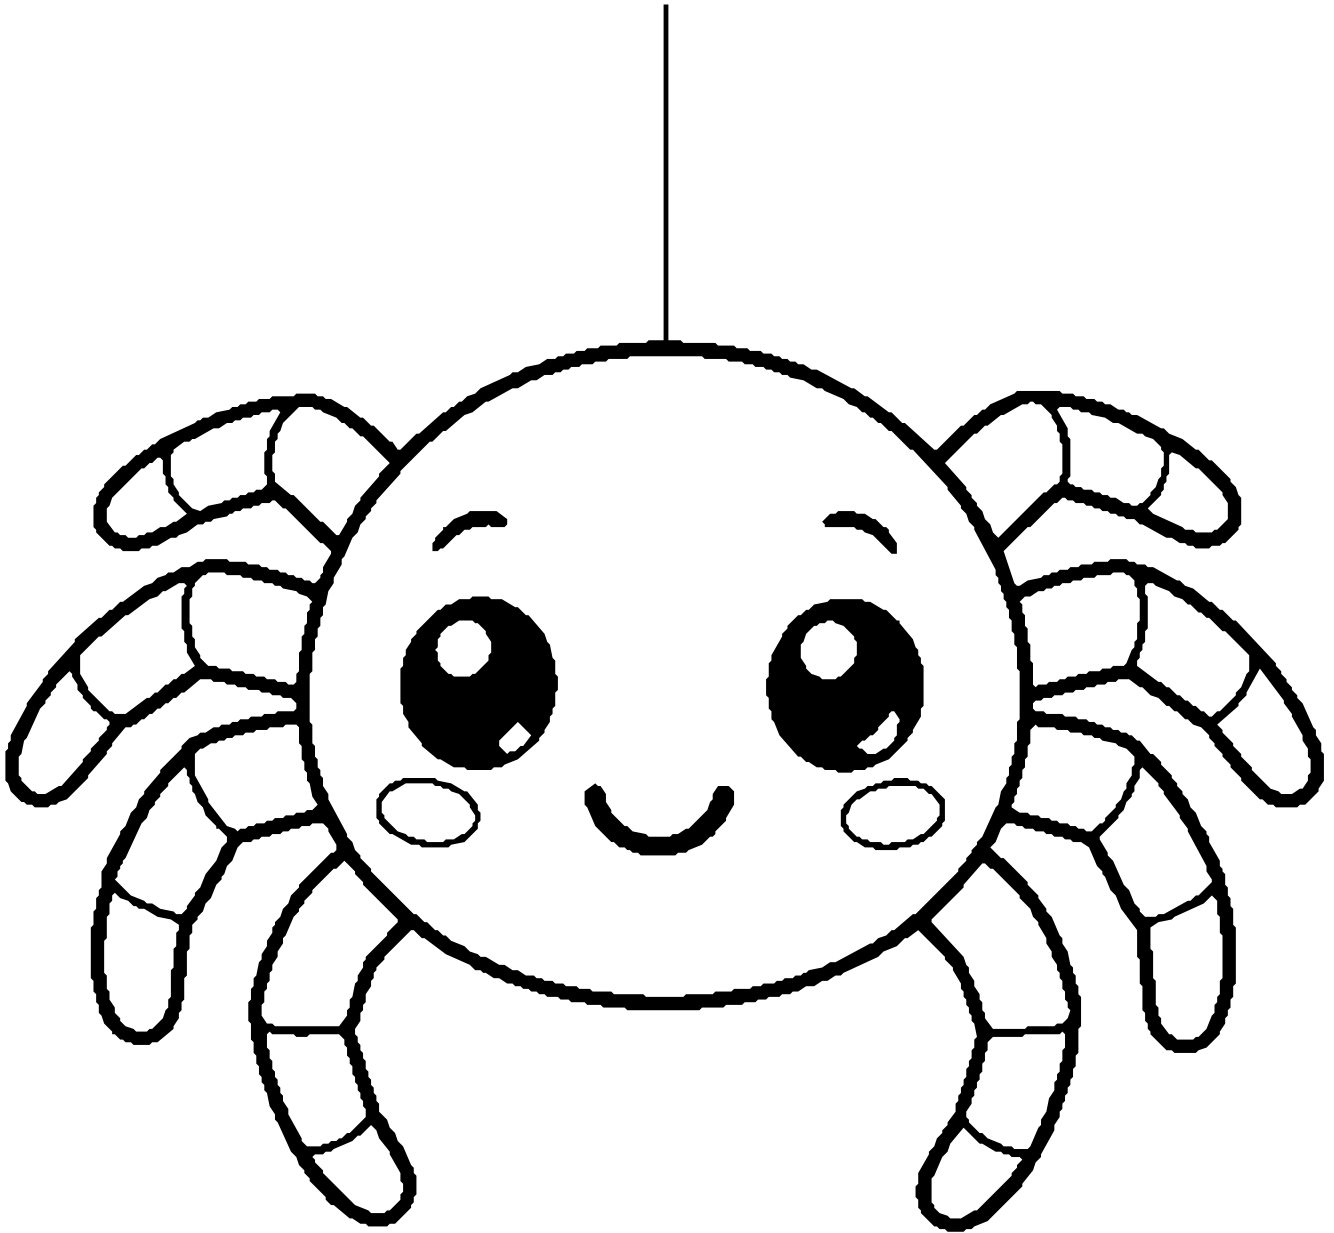

Talk together: point to the two wings. How does a bat move?

My bat is called: _____

A little spider

Colour the spider. Touch each leg and count from one to eight.

1

2

3

4

5

6

7

8

Talk together: a spider has eight legs. How many can you find?

A ghost explorer

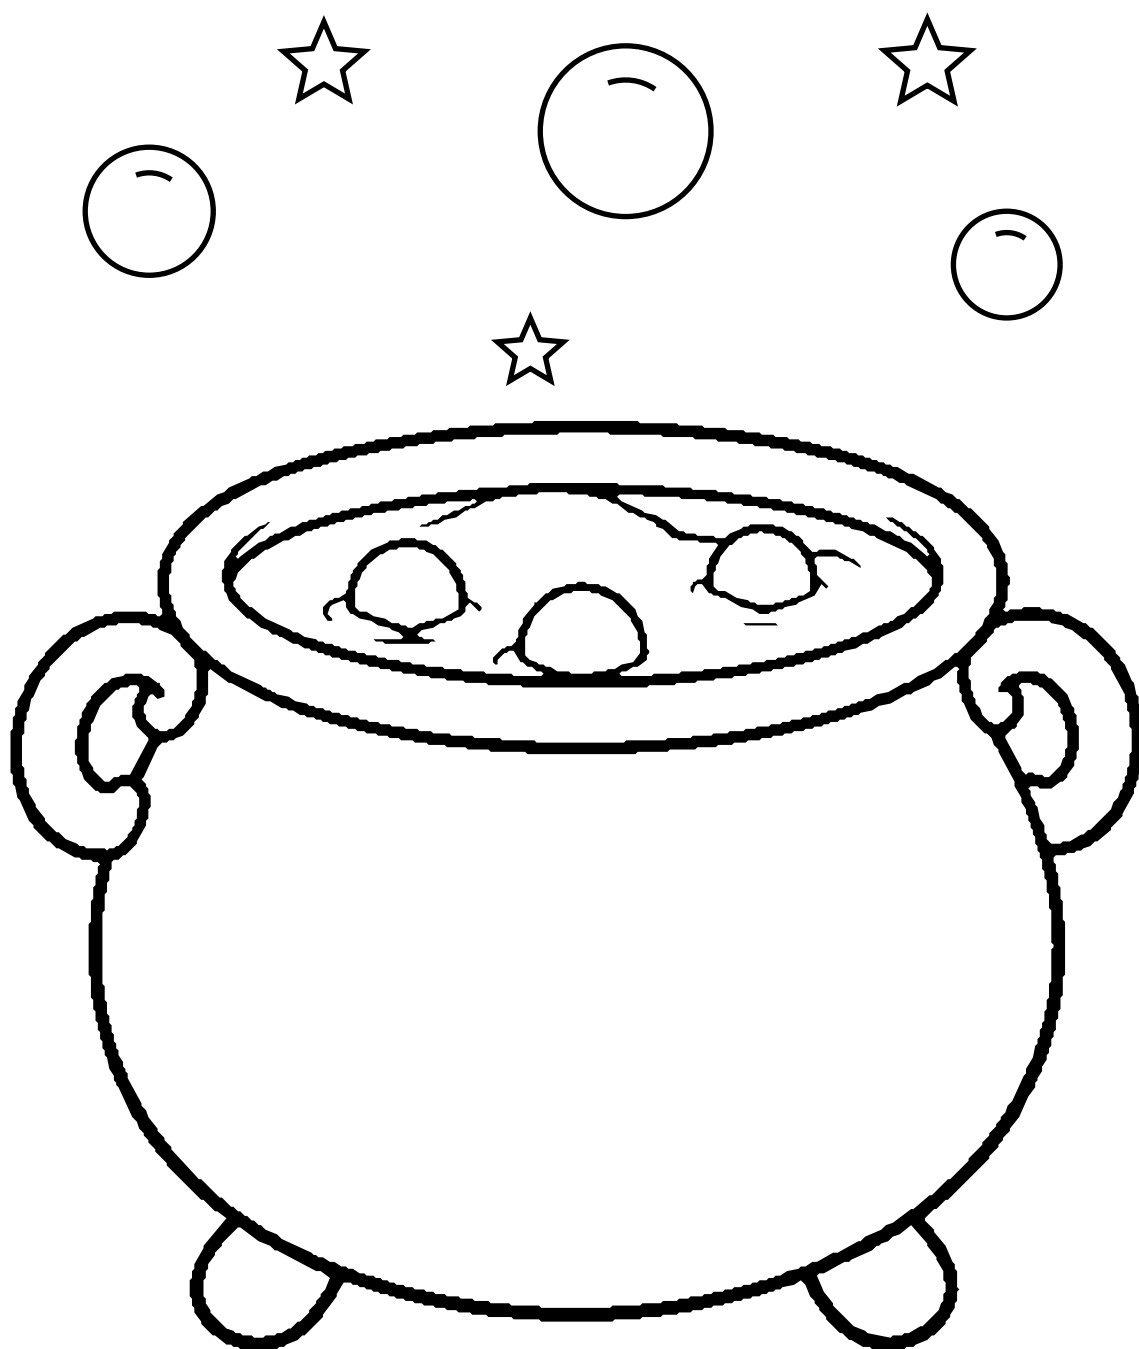

Colour the scarf and compass. Draw a little place to explore.

Talk together: where will your friendly ghost go next?

Bubble, bubble!

Colour the cauldron. Add your own magical patterns.

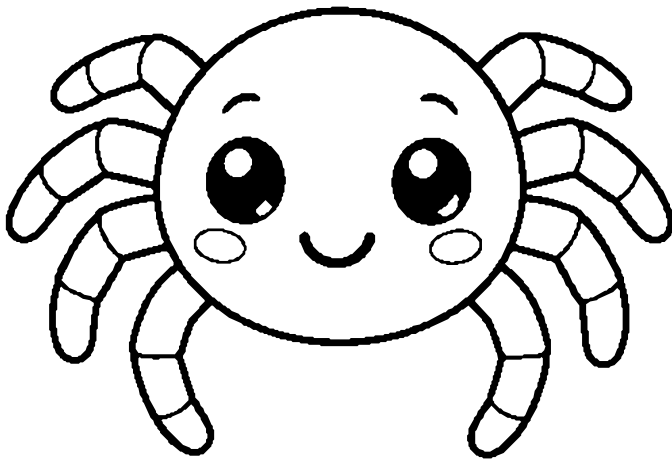

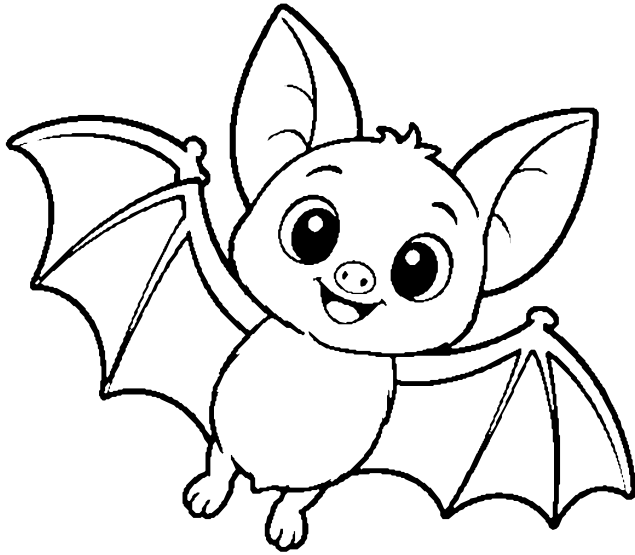

Talk together: what could make bubbles in a real experiment?

Grown-ups: real experiments need adult supervision.
Do not taste experiment ingredients or mixtures.

Our Halloween friends

Colour the friends. Draw something for them to discover.

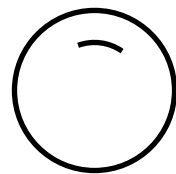

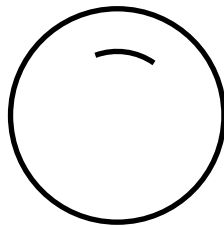

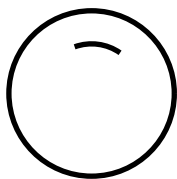

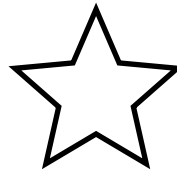

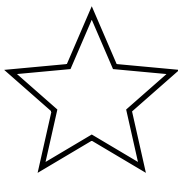

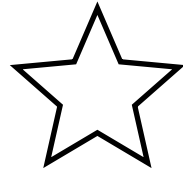

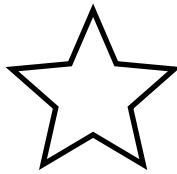

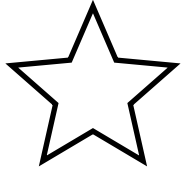

Talk together: who flies, who climbs and who floats?

Tell a tiny story about the three friends.

Colour and count

Find 5 stars, 3 bubbles and 2 pumpkins. Colour each group.

Stars

Bubbles

Pumpkins

Count aloud. Write the totals, or ask a grown-up to help.

Well done, Explorer!

Colour your trophy. Celebrate what you tried today.

Awarded to: _____

I enjoyed: _____

For grown-ups: celebrate effort, choices and curiosity.
There is no right way to colour these friendly characters.
